Projects

Appointment-management-system | [github-link](#) Oct'24

Developed a Full-Stack Appointment Management System for Salon Staff

- Designed a **user-friendly interface** to enhance usability staff.
- Built a **robust backend** to ensure seamless website functionality, secure data handling, and efficient appointment processing.
- Leveraged the **MERN stack** (MongoDB, Express.js, React.js, Node.js) to create a responsive and scalable solution.

Tic-Tac-Toe | [github-link](#) | [live](#) Jun'24

Developed a web-based TIC-TAC-TOE game

- Designed and implemented a responsive **Tic-Tac-Toe game** using **HTML**, **CSS**, and **Vanilla JavaScript**.
- Built a seamless two-player functionality with alternating turns and real-time gameplay
- Added a feature to restart the game dynamically without refreshing the page.

Academic-project-management-system | [github-link](#) Oct'23

Developed a Project Management System for professors and students - Java

- Designed a system to **streamline the evaluation process** for professors, reducing manual workload.
- Implemented **role-based login functionality** for students, professors, and panel members, with unique credentials and email integration.
- Enabled professors and panel members to **view, review, and grade student projects**, as well as provide constructive feedback and suggest changes.

Certifications

- Python for Data Science, AI and Development - [Link](#) - IBM

Academic and Extracurricular Achievements

- Achieved **71st rank** in Unstop Weekly **DSA** competition.
- Achieved a **10 SGPI** in **Semester 5** under autonomous curriculum
- Achieved a **9.4 SGPI** in **Semester 2** of Mumbai University exams.
- Secured **97.13 percentile** in the **CET Examination (August 2022)**.
